I was told by someone who has power in her campaign that Nick's money was more important than my life and body. So it's hard for me to hear that Cori didn't know and she's upset. She looked the other way to line her pockets!

I'm 80% sure. I've I gave her the benefit of the doubt I'd be 75% sure. Roya works closely with her and I don't remember 100% accurately if Roya spoke with Cori, but I had asked Roya if she could get Nick out of the campaign and she said she would try. But after "trying" she told me they said Nick had too much money and influence to kick out. Also Nick had been trying to get ahead of me and warn people in advance to discredit me, like how he did with Claire. So if Roya didn't speak with Cori, very high probability that Nick did
